

# UNIVERSITÀ DEGLI STUDI DI MILANO

## CORSO DI DOTTORATO IN FISICA, ASTROFISICA E FISICA APPLICATA

### GRADUATE STUDIES IN PHYSICS AT UNIMI

The PhD program in Physics, Astrophysics and Applied Physics at the University of Milano offers high-level research training in nearly all areas of Physics including Astrophysics and Cosmology, Condensed Matter, Quantum Optics, Nuclear Physics, Plasma Physics, Particle Physics, Theoretical Physics, Nanotechnology, Quantum Information, Accelerator Physics, Biophysics, Electronics, Environmental Physics, Medical Physics.

The School offers a variety of educational opportunities, including colloquia by world class speakers, student workshops, and training in communication skills.

### GRADUATE PROGRAMME 2022-2025

The PhD School in Physics, Astrophysics and Applied Physics at The PhD School in Physics, Astrophysics and Applied Physics at University of Milano offers fourteen (14) scholarships for its three-year graduate program. Four (4) additional scholarships on specific themes are also available.

The scholarship provides full coverage of University fees, a net salary of 14,450, and a travel grant of 3,000 EUR.

Two Milano-allowance contributions of 2,000 EUR/yr will be granted to the two best-ranking students from outside the Milano area. Additional funding may be obtained through part-time teaching.

The dead line for applications is 2:00pm **July 18, 2022**.

The scholarships will be awarded based on the candidates' CV, a written non-binding research project, two reference letters, and an interview that may be held on-site or from remote. Candidates should communicate their preference to [phd@fisica.unimi.it](mailto:phd@fisica.unimi.it) before July 21th. Interviews will start on July 26th.

For any inquiry regarding the application procedure/forms be in touch with the IT department and do not write to the above address.
