

2026 SEMINARS ON SCHOOLS ATTENDED BY PHD STUDENTS / SEMINARI 2026 SU SCUOLE FREQUENTATE DAI DOTTORANDI

n°	Date	Time	Place	Room	PhD Student-Year/Cycle	School and Period	Seminar Title
1	13/04/2026	11:00	Physics Department	Aula Teorici	Chiara Mascherpa – 2/40	(CERN Winter School on Supergravity, Strings and Gauge Theory 2026, Geneve, 2-6 February, 2026	Fortuitous Chaos, BPS Black Holes, and Random Matrices.
2	17/04/2026	11:00	Physics Department	Aula Caldirola	Alessandro Zambon – 3/39	Barcelona School of Non-equilibrium Physics, Barcelona, April 7-11, 2025	
3	09/07/2026	10:00	Physics Department	Aula Polvani	Manuel Lorenzo Iozzia – 1/41	Advanced (S)TEM Microscopy Workshop, Istituto Italiano di Tecnologia (IIT), Genova, June 4-5, 2026	Advanced Scanning Transmission Electron Microscopy Characterization for Nanomaterials.
4	13/07/2026	12:00	Physics Department	Aula Polvani	Davide Ripamonti – 3/39	Summer School in INtegrating TRAditional and Digital Approaches in Manuscript Studies (INTRADAMS) - Milan, 3-14 June, 2024	Manuscripts between Science and Humanities: Materials, Texts, and Technologies.
5	24/07/2026	14:00	Physics Department	Aula Plasmi	Enrico Augusto Maraboli-3/39	Lake Como School on Dark Matter, Dark Energy and the Cosmological Tensions – Como, June 23- 27, 2025	Lake Como school report: relativistic insights on the milky way rotation curve.
6	29/07/2026	15:00	Physics Department	Sala riunioni Sezione di Struttura della materia	Giorgia Iori-1/41	SCALES training school: Turbulence and Vortex Dynamics, Prague, July 6-10, 2026	A tale of two turbulences: where classical meets quantum.
